100+
AWARDS WON

40+
YEARS OF RESULTS

2,000+
DMU ARTICLES

1B+
MAIL PIECES SENT

Here is what is new in the redesigned CDMG website, and the reason behind each change. The old site told visitors who CDMG is. The new one is built to get found, prove the results, and convert.

What is new, and why it matters

1

A modern, conversion-first design

Every page guides the visitor toward one clear action. The site works like a high-performing landing experience, not a static brochure, so more traffic turns into leads.

2

Built to be found by AI

Buyers now ask ChatGPT, Perplexity, and Google AI for recommendations. The site is engineered with structured data and clean, no-JavaScript content so those engines can read, trust, and cite CDMG.

3

AI visibility as the marquee differentiator

AI visibility is featured on the homepage and offered as a real service. It positions CDMG ahead of agencies that still market the way they did a decade ago.

4

Five new service pages that win high-intent searches

Compliant Product, Direct Mail, Supplement, Financial, and Regulation A marketing each answer a specific buyer question, so CDMG shows up exactly when a ready-to-buy prospect is searching.

5

A modernized 5 Dimensional Marketing

Media Revived now leads with Connected TV and streaming. Digital Marketing now includes AI visibility and social. The signature methodology reads as current and forward-looking.

6

Real proof, front and center

Seven real client testimonials, the full client logo wall, more than 100 awards, and the InfoMat data engine story (established 1978) with a 1978 to 2021 milestones timeline build instant credibility.

7

The full leadership team, with real faces

Founder Craig Huey and the Nashville team appear with real headshots and credentials, turning an anonymous brand into a team clients can put their trust in.

8

The DMU Blog, rebuilt for discovery

Topic browsing, keyword search, a newsletter signup, and AEO articles with FAQ schema turn more than 2,000 articles into an ongoing engine for traffic and AI citations.

9

A complete, launch-ready site

Working lead-capture forms plus Awards, Careers, Accessibility, and Privacy pages make this a finished site. It ships with a custom WordPress theme, ready to go live on cdmginc.com.

Proof, built into the page

A selection of brands CDMG has driven results for

Recognized with more than 100 industry marketing awards
